## Please Remember...

- Bring any medication that is being used
- Your vet may give you clinical notes or X-rays to bring with you
- Your pet may need a general anaesthetic so do not give food from 12 hours before appointment
- Payment is expected at the time of consultation
- We can help you process insurance claims
- An estimate of fees will be provided during consultation

**We will send a written report and liaise with your own veterinary surgeon. Afterwards, your pet will be returned to the care of your own veterinary practice. Follow up re-examination may be recommended.**

## Biographies...

### Gareth Jones

BVSc, Cert VOPhthal, MRCVS  
Visiting Lecturer in Ophthalmology, Nottingham Vet School. Qualified from Liverpool University in 1986. Mixed practitioner in Leicester then undertook the Residency in Ophthalmology at Royal Veterinary College 1992-1995. Gained RCVS certificate in Ophthalmology in 1993. Returned to park Veterinary Group in 1995 taking ophthalmology referrals from practices throughout the East Midlands. Took on role of Visiting Lecturer in Ophthalmology at newly-opened Nottingham Vet School in 2007.

### Mark Smith

BVSc, Cert VR, Cert SAS, MRCVS  
Qualified from Edinburgh University Vet School in 1990, and worked as mixed practitioner at the Park Vet Group before going to Glasgow University Vet School in 1994 as resident soft tissue surgery. Returned to work at the Park Vet Group from 1996 to the present day taking referrals in soft tissue surgery and diagnostic imaging. Obtained certificates in radiology in 1994 and small animal surgery in 1996.

### Stuart King

BVetMed, CertSAO, MRCVS  
Graduated from Royal Veterinary College 1975. Worked in general practice in Leicester as a partner of the Park Veterinary Group between 1975 and 2004. Concentrating on small animal work, gained RCVS certificate in orthopaedics in 1994. Taking referral within the practice and from surrounding local practitioners. Now returned to PVG on consultancy basis to offer orthopaedic referrals; otherwise passionate about sailing when not doing the day job.

### Chris Morris

BVSc, CertSAS, MRCVS  
Graduated from the University of Bristol in 2001. Worked as a mixed general practitioner for four years in North Wales and Rugby before joining the Park Veterinary Group in 2005 to concentrate on small animal work. Gained RCVS Certificate in Small Animal Surgery in 2009 and has a particular interest in Orthopaedic surgery including Arthroscopy and knee surgery.

**You will be seen by a veterinary surgeon with a particular interest, experience and expertise in the type of case involved. We are able to carry out certain diagnostic tests or treatments that might not be available at your own practice.**

If your pet does need to stay overnight, we have a dedicated **24 hour clinic** with veterinary staff on the premises.
